

WasteLOGGER

Food Waste Tracking Software

We Manage the Things We Measure:

*Food Waste is \$\$\$\$ in the Garbage
We Need to Measure it Daily!*

LeanPath WasteLOGGER software enables foodservice operations to:

- Track food waste daily
- Instantly create insightful reports and see trends
- Discover actionable opportunities to improve
- Reduce food and disposal costs
- Reduce waste and become a greener operation

Perfect for operations with low to medium volumes of food waste.

**The Fast, Easy Upgrade to
Handwritten Waste Sheets**
